Agenda Item 1 – Recreational Fishing NSW Advisory Council

Don Barton reminded participants that the NSW Department of Primary Industries had called for expressions of interest from recreational anglers to nominate for appointment to the Recreational Fishing Advisory Council and that he had alerted affiliated groups to the call. Don Barton also confirmed that Steve Samuels had advised him that he would be submitting an Expression of Interest.

The Executive resolved that the NSWCFA would consider requests of support from applicants submitting expressions of interest for appointment to the Recreational Fishing Advisory Council. The Executive further resolved that the NSWCFA writes a letter supporting Steve Samuels' application for a seat on the Recreational Fishing NSW Advisory Council.
